SECTION 5 – Application for Soil Moving Permit

An application for a Soil Moving Permit shall set forth the following information and be accompanied by the following data:

- A. Full identification of the applicant and all persons to be directly or indirectly interested in the Permit if granted.
- B. The business address of the applicant.
- C. A complete physical and legal description (including street address of location where applicable) of the land to which the Permit is to apply. The legal description shall be certified by a registered civil engineer or land surveyor.
- D. A topographic map, certified by a registered civil engineer or land surveyor and prepared with four (4) foot contours, covering the land upon which the soil moving is to take place and three hundred (300) feet, so far as may be possible, outside the exterior boundary of such land.
- E. The exact nature of the proposed soil moving, the type of soil to be moved, removed, excavated, mined or dumped, and an estimate of the approximate number of cubic yards of soil involved.
- F. The applicant shall further describe in detail, by maps or otherwise, the contour and condition of the land as it is proposed to be left upon completion of the soil moving. This shall include a description of any landscaping to be done or other stabilization control to be employed to leave the land in a reasonably level and useable condition and to prevent erosion, dust and other nuisance conditions. Furthermore, the applicant shall include a description of any intended plat, planned development, or of any proposed streets or other improvements to be made upon the property, as well as a general statement of the intended final utilization of the property.
- G. A statement of the manner in which the soil moving work is to be completed and the kind of equipment proposed to be employed.
- H. The proposed route which applicant proposes to use over the public streets and over private property in transporting the soil.
- I. The past experience of the applicant in the matter to which the Permit appertains and the name, address and past experience of the person to be in charge of the soil moving project.
- J. Whether or not any similar permit or application has ever been revoked and/or suspended; and, if so, the circumstances for such revocation or suspension.

- K. The time within which the soil moving project is to be commenced after the granting of the Permit, the time when it is to be completed, and any phasing of the soil moving project with a description and the specified duration of any such phases of the soil moving project.
- L. The measures that will be taken by applicant to control noise, vibration, dust and traffic.
- M. A description of any traffic control devices, public facilities, or public services which will be required for the proposed operations and a statement as to how and by whom applicant proposes that the costs thereof be paid.
- N. Any measures which applicant proposes to take to insure public safety, the exclusion of children from the land, and the lateral support of surrounding land, buildings, structures or other improvements.
- O. Such further information as the Township Board or Planning Commission may reasonably require.

Applicant is responsible to review Ordinance 15-004 – Mineral and Soil Removal Ordinance in its entirety. Not all provisions of the Mineral and Soil Removal Ordinance are provided within this application. A copy of Ordinance 15-004 is available at the Township hall.
