Installation of the internal sidewalk from 24th Avenue to the drive intersection of Hattie Way and Lewis Land shall be completed prior to construction of any residential unit. Installation of each unit drive sidewalk, where applicable, as indicated on the Development Plan, shall be completed at each unit at the time of occupancy for each respective unit. The remaining site sidewalks, trails, gazebo, pit area, and related open space amenities shall be installed prior to the completion of each phase. Further, payment in-lieu of construction of a bike path along Riley Street and 24th Avenue for the development frontage shall be provided, as offered by the applicant in accordance with Section 19.16 of the Zoning Ordinance.

(j) Open Space. Areas represented on the Development Plan as proposed open space shall be maintained as such for the common usage and enjoyment of the tenants of the duplexes and single-family dwelling within the Development. (2) The Development is subject to the comments and requirements of

the Township Engineer as stated in the engineer's letter of April 1, 2024 including among others the requirements of the engineer with respect to the storm water drainage system, the sanitary sewer system, and the water supply system. The Development shall also comply with other or subsequent requirements of the Township Engineer, provided the same comply with the terms of applicable Township ordinances.

(b) The Township Board further finds that, in accordance with Section 19.9 of the Zoning Ordinance, the Development, upon final construction and use in full compliance with all of the terms and provisions of this Ordinance and the Zoning Ordinance:

(1) will result in a recognizable and substantial benefit to the ultimate users of the project and to the community where such benefit would otherwise be unfeasible or unlikely to be achieved;

(7) designed to protect natural resources, the health, safety, and welfare, and the social and economic wellbeing of those who will use the Development, residents, and landowners immediately adjacent to the Development, and the community as a whole;

(8) related to the valid exercise of the police power, and purposes which are affected by the Development; and

(9) necessary to meet the intent and purpose of the Zoning Ordinance, are related to the standards established in the Zoning Ordinance and this Ordinance for the proposed use and are necessary to ensure compliance with those standards.
