Attorney Nettleton updated the Board on the RWE Solar Facility Court Case. The Michigan Court of Appeals determined that the applicants needed to alert the County, even if the County does not exercise zoning jurisdiction, and that the County was to be

involved in the preliminary meetings. RWE did not do this and therefore needed to go back to start over, provide notice to the County, and re-do their public meetings. Nothing will proceed in RWE's case before the Michigan Public Service Commission ("MPSC") until RWE has these meetings and the County has the opportunity to decide whether to intervene in the MPSC case. What is unknown at this time is whether RWE will need to refile its application and start over in the process at the MPSC or whether RWE will be able to resume the process at the MPSC under its current application. The Township Board is asked to consider a resolution requesting the Ottawa County Board of Commissioners to intervene in the RWE MPSC case.

Moved by DeHaan, seconded to Wolfert, to approve Resolution R26-012 to encourage Ottawa County to intervene in the contested case before the Michigan Public Service Commission regarding the proposed Silver Maple Solar Facility. Moved by Brouwer, seconded by DeHaan, to open the public hearing for the SoundOff Signal Industrial Facilities Tax Exemption Application.
